Dear Prof Bloye,

On www.desireestokkel.nl you will find evidence that the UN is guilty of
genocide.

And protects the Netherlands.

But, this evidence belongs to my lawcase with the International Criminal
Court in The Hague, against NL.

I published a letter for the Mothers of Srebrenica on
www.newlegalframe.com
talks

Here you find an instructioncode for reading my file for the lawcase
against NL.

You may use my evidence in your case for the Mothers of Srebrenica.

You are not going to make it now the UN want NL to have to freedom to be
guilty of 'crimes against humanity'.

If you have a message for the World Im happy to publish it, or even to
send to ICC for my case.
Perhaps this will speed up things for you too!

Have a nice day,
